

The Voice of European Air-Conditioning, Refrigeration and Heat Pumps Contractors

PRESS RELEASE

Brussels, 13th June 2016

New AREA membership category: International Observers

Due to the significant worldwide interest in European legislative developments and the increase in competence of personnel who handle new refrigerants, we are pleased to introduce AREA's brand new "International Observer" membership category. This provides a fantastic opportunity for non-European RACHP installer bodies the world, to benefit from the expertise and discussions within Europe through access to AREA.

What are your benefits?

Recognition: Acknowledged as a member of a globally recognised association of professional technicians; exclusive access to AREA's logo allows you to demonstrate this on various platforms

Shaping the industry: early involvement in the development of AREA guidelines, good practice guides and training & certification documents

Intelligence: regular informative briefs and a quarterly newsletter

Visibility: your contact details on the AREA website and in the Annual Report

Networking: the opportunity to liaise with your peers and share best practices during the bi-annual general assembly meetings, and meet numerous European RACHP contractor associations

AREA is the European organisation of air-conditioning, refrigeration and heat pumps contractors. Established in 1988, AREA represents the interests of 23 national members from 18 EU countries plus Norway and Turkey with a membership of more than 13,000 companies across Europe, employing some 110,000 people and with a turnover approaching €23 billion.
